Bug Report for assignment test 3

Creator: Hristina Trumpic

Bug Name: Isn't possible to create new candidate
Area Path: Candidates > Add New Candidate > Registration Form > Save
Severity: MEDIUM
Priority: HIGH
Assigned to:_____
Reported By: Hristina Trumpic
Reported On: 28 September, 2019
Reason: Failure
Status: New
Environment: Windows 10 Home, Mozila Firefox – version 69.0.1 (64-bit), Google Chrome Version 77.0.3865.90 (Official Build) (64-bit)
Description:

When clicking round green plus icon in bottom right corner on candidate's page, sign up form appears with 3 mandatory fields marked with an asterisk by it's name: First Name*, Last Name*, Email Address*. After filling those fields with right data and clicking Save button in the bottom right corner on a floating sign up window, window disappears and pop-up message with a green background appears on the upper right corner confirming adding new candidate. But the candidate isn't added to the list, it doesn't appear on the list even when web page is reloaded/refreshed. Also, same Candidate can be added with same email address indefinitely, no error appears, presumably that request to add new candidate isn't forwarded.

Steps to reproduce in Mozila Firefox Browser:
1. Open Browser: Mozila Firefox
2. Go to (site) - https://orangehrm-demo-6x.orangehrmlive.com
3. Login with admin credentials (form is prefilled with the login data)
4. Wait for the dashboard page to load
5. Go to Recruitment page
6. Open the left side panel
7. Click on Candidates
8. Click on the green Add button
9. Fill the mandatory fields
10. Click Save

Expected result: New Candidate Added
Actual result: New Candidate NOT Added

Steps to reproduce in Google Chrome Browser:
11. Open Browser: Google Chrome
12. Go to (site) - https://orangehrm-demo-6x.orangehrmlive.com
13. Login with admin credentials (form is prefilled with the login data)
14. Wait for the dashboard page to load
15. Go to Recruitment page

16. Open the left side panel
17. Click on Candidates
18. Click on the green Add button
19. Fill the mandatory fields
20. Click Save

Expected result: New Candidate Added
Actual result: New Candidate NOT Added
